Summary

As a current student pursuing a master's degree, I have a solid background in front-end development and back-end programming. I am deeply committed to ongoing learning and constantly expanding my knowledge in the field. I possess proficiency in several programming languages and frameworks, including HTML5, CSS, JavaScript, Bootstrap, Tailwind, React, Node.js, Python, Java, Express, MongoDB and MySQL. Additionally, I am familiar with Adobe software like Photoshop, Illustrator, InDesign, and Premiere Pro CC. Overall, my skill set encompasses a wide range of technical abilities, allowing me to tackle diverse challenges in web development and design.

Skill Highlights

- ✓ Strong decision maker
- ✓ Continuous learning and self-improvement
- ✓ User experience (UX) design principles
- ✓ Creativity..
- ✓ Communication
- ✓ Organization

Experience

- Developed and maintained several responsive websites using HTML, CSS, Bootstrap, and React.
- Worked on custom websites for small businesses and individual clients.
- Built interactive and dynamic web applications using React, Node.js, Express, MongoDB.
- Implemented RESTful APIs and integrated third-party services to enhance application functionality.
- Version control and code collaboration tools (e.g., Git, GitHub)
- Personal and academic projects relevant to the job.
- Classes, courses, training and certifications.

Education

- **University PIM faculty of computer sciences master studies**
Despota Stefana Lazarevica bb, Banja Luka
- **ITEP College of Information Technology**, Economics and Entrepreneurship – 2017/2021
Dositejeva2, Trn, Laktasi, Banja Luka
- Mechanical Technical High School – 2013-2017

Certifications

- Html, Css, Bootstrap, React (freeCodeCamp)
- JavaScript Developer Certification (freeCodeCamp)
- Responsive Web Design Certification (freeCodeCamp)
